Love your cooling vest ... best product on the market!
Motorcyclist

I just wanted to thank you for a great product! I just bought a cooling vest, I race ATV's and it's so hot here when you have all your gear on, so I thought I would give it a shot....WOW!!!! I will be telling everyone about your product at the track.

EVAPORATIVE COOLING VESTS STYLE: SPORT

EVAPORATIVE COOLING PRODUCT BENEFITS

- Cost-effective personal cooling solution
- Provides extended relief from heat fatigue and heat stress
- Lightweight, durable and non-toxic
- Easy to activate and re-usable
- Offers hours of cooling relief
- Wide variety of garment styles, sizes and colors

EVAPORATIVE COOLING - HOW IT WORKS

- A water management system created from the PEF (Polymer Embedded Fabric) absorbs, stores and releases water within the multi-layered material
- Simply submerge the garment in water for 1-2 minutes allowing the PEF to absorb the water
- Gently squeeze out the excess water, wipe dry and wear
- The garment will remain activated for hours and can be re-hydrated as needed
